Have decided

Article (1) : The provisions of the attached Regulations for Organizing the Issuance of Environmental Approvals and the Final Environmental Permit shall come into force.

Article (2) : The aforementioned Ministerial Decision No. (300/93) and all other provisions contradicting or contravening this decision shall be considered void.

Article (3) : This decision shall be published in the Official Gazette and shall come into effect from 1 August 2001.

Dr. Khamis Bin Mubarak Bin Essa Al-Alawi
Minister of Regional Municipalities, Environment and Water Resources
Regulations for Organizing the Issuance of Environmental Approvals and the Final Environmental Permit

Article (1) : In application of the provisions of these regulations, the words and phrases shall have the following meanings unless stipulated otherwise :

Environmental approval shall include :
- Preliminary Environmental Approval :
To be granted to the establishment to commence the construction process and the approval shall include specifications environmental conditions to be fulfilled prior to starting operation and shall be valid for one year renewable for a similar period.

- Temporary Environmental Approval :
To be granted to industrial establishments located outside industrial areas specified by the competent authorities and to projects complementary to the infrastructure ones. The approval, in all cases, shall be valid for one year renewable for similar periods until the existence of an industrial area or completion of the infrastructure project as appropriate.

- Environmental Permit to Infrastructure Projects :
To be granted to infrastructure projects not requiring follow-up after completion of construction. The approval shall be valid for one year renewable for similar periods until completion of the project.

- Final Environment permit :
To be granted to the establishment after fulfillment of the conditions stated in the preliminary environmental approval and shall be valid for two years and renewable for a similar period or other specified periods.
Article (2) : The establishments, subject to the provisions of these regulations, shall be classified into categories according to the materials used in production, production capacity and the degree of their impact on the adjacent environment as indicated in the attached annex. Every category stated in the said annex shall have its own environmental conditions according to the level of environmental impact arising from its construction and operation.

Article (3) : The owner of an establishment shall apply to the Ministry on the form approved by the Ministry and in addition enclose an environmental impact study prepared by a consulting office approved by the Sultanate, if required by the Ministry.

Article (4) : The Ministry official shall as a preliminary step toward issuance of the environmental approval, inspect the proposed site to determine the environmental conditions that must be fulfilled.

Article (5) : The owner of the establishment shall be bound to implement the required conditions and shall inform the Ministry of the same and after ensuring that all conditions were implemented prior to issuance of environmental approval or final Environmental Permit.

Article (6) : Fees against the issuance of the environmental approval and the final environmental permit as per the attached table shall be collected.

Article (7) : The establishments mentioned in the attached annex if the nature of their activities so require - as evaluated by the Ministry - shall be bound to conduct an Environmental Audit (EA) by specialized companies approved by the Sultanate according to the requirements of the ISO 14000 series for environmental management system, every two years from the date of receiving their final environmental permits.
Article (8) : Without prejudice to the penalties stipulated by the mentioned Law on Conservation of the Environment and Prevention of Pollution, the Ministry may close down the establishment if it practiced its activity without environmental approval or final environmental permit or after their expiry dates.

Annex Dividing the Establishments into Categories

Category One

1 Small block Factories (Less than ten thousand tonnes)
2 Carpentry, blacksmith and aluminum workshops
3 Flour and spice mills
4 Ready made clothes factories
5 Tissue paper industry
6 Foodstuff and coffee packaging (Less than 500 tonnes)
7 Tissue paper factories (cutting-up to 2 million packets)
8 Water filtration and distilled water (Less than 10 million litters)
9 Furniture Factories
10 Bakeries and Sweets manufacturing (less than thousand tonnes)
11 Ice plants (Less than five thousand tonnes)
12 Gas cylinder storage and sale.
13 Car wash and oil change workshop
14 Small poultry farms
15 Small printing press
**Category Two**

1. Chemicals plants  
2. Pharmaceutical manufactories  
3. Detergents manufactories  
4. Marble, tiles and ceramic plants  
5. Oil and gas projects  
6. Power stations projects  
7. Textile and Spinning Manufactories  
8. Quarries  
9. Plaster production  
10. Perfumes and air fresheners  
11. Petrochemicals plants  
12. Aluminium factories  
13. Chalks plants  
14. Water purification and desalination stations  
15. Organic fertilizers  
16. Tanning projects and leather industries  
17. Crushers and screens  
18. Mining  
19. Large block factories (ten thousand tonnes and more)  
20. Large scale printing press (3 thousand tonnes and more)

**Category Three**

1. Poultry farms  
2. Water treatment stations  
3. Slaughter houses  
4. Dairy production  
5. Marine clubs, harbours and bridges  
6. Artificial lakes  
7. Water supply networks  
8. Storage and recharge dams  
9. Electricity and telephone lines  
10. Livestock sheds  
11. Agriculture production and animal fodder  
12. Fisheries packaging  
13. Commercial and fishing ports  
14. Fish farming  
15. Roads  
16. Commercial and residential complexes  
17. Hospitals and health centers  
18. Permanent and temporary worker’s camps  
19. Petrol stations
